
Producing Results with Others™ – **ON Demand** *Online eLearning course One-day facilitator led program*

The Producing Results with Others™ ON Demand course is TRACOM's partially online version of the most thorough and interactive SOCIAL STYLE™ program.

In advance of the facilitator-led one-day course, participants complete an online Multi-Rater SOCIAL STYLE & Versatility Profile and complete a 2-3 hour eLearning session. The majority of the full-day course consists of role-playing exercises and application scenarios to master these skills.

'Producing Results with Others' is the solution to any organisation's need to increase workplace communication, morale, effectiveness, and productivity. Excellent interpersonal skills are essential for success of the individual and for the organisation as a whole.

Benefits of completing this Social Style Program:

Participants will learn to –

- Determine their own SOCIAL STYLE® Versatility based on self-assessment and ratings from others.
- Effectively communicate with others using their behavioural preferences.
- Participants will complete an online assessment and receive feedback from others in the form of a Multi-Rater SOCIAL STYLE and Versatility Profile.
- Maintain proper workplace 'tension' for maximum productivity.
- Manage each Style's 'backup behaviour' (i.e., default mode when under pressure) in order to iron out differences and maintain well-working teams.
- Increase support and respect from others.
- Improve Key Relationships through role-playing exercises.
- The combination of the online eLearning and one-day course provides learners with a highly personalised and satisfying experience.
